

2021 Individual Sniper Competition

September 11, 2021

0800 Registration/check in at the classroom

0820 Match Briefing at the classroom/parking lot area

0835 Shooters begin to set up for the first stage at the 100/200

This will be a slightly different format this year. The match will consist of (7) stages. All shooters will shoot the first stage (Cold Bore) before splitting into their squads. Shooters will be able to drive to the stages in order to speed up the flow of the match. The remaining (6) stages will be of a 'Field Course' type stage. Some stages have a fixed par time but unlimited ammunition while other stages have a limit on the number of rounds that may be fired. Laser Range Finders may be used on some stages. Shooters will be able to utilize whatever equipment they bring on most stages (not a lot of prone.) There is no pistol requirement this year. Reset should be extremely fast as the match with the exception of the Cold Bore shot and one stage will all be shot on reactive steel targets.

Lunch will be provided. Hamburgers and Hot Dogs at the classroom.

Target count/round count:

Cold Bore	1 round
Stage #1	10 rounds max/10 shots
Stage #2	12 rounds max/10 targets
Stage #3	unlimited rounds/10 targets
Stage #4	10 rounds max/5 targets
Stage #5	10 rounds max/5 targets
Stage #6	unlimited rounds/20 targets

The match can be shot clean with 61 rounds. Given the time constraints on some of the stages 100 rounds should be enough to shoot the entire match.
