Targets

“No Shoot” Targets - Stages of fire may involve designated "no shoot" targets, denoting hostages or innocent bystanders. Anyone shooting a “No Shoot” will be heavily penalized as in real life.

Scoring Steel - Steel will consist of round or square plates, "pepper popper"-style targets, or “flash” / “flag” targets. All steel targets must fall or turn 45 degrees to be scored. Steel may not be engaged closer than 10 yards.

Hardcover Steel - "Hardcover" targets may be used to obscure other scoring targets from point of view or aim.

Reactive Targets - Other reactive targets may be deployed during a course of fire. Descriptions will be given during the match briefing.

Holsters- Police officers and military personnel may wear duty rigs, all others may use conceal carry or holster and rigs reminiscent of the 70’s and 80’s. NO shoulder rigs.
