Targets

“No Shoot” Targets - Stages of fire may involve designated "no shoot" targets, denoting hostages or innocent bystanders. Anyone shooting a “No Shoot” will be heavily penalized as in real life.

These targets may be designated in various ways, and may require a judgment call by the competitor. An example of this may require the competitor to engage only targets that are visibly armed, with unarmed targets being considered "no shoot" targets.

Scoring Steel - Steel will consist of round or square plates, "pepper popper"-style targets, or “flash” / “flag” targets. All steel targets must fall or turn 45 degrees to be scored. Steel may not be engaged closer than 10 yards.

Hardcover Steel - "Hardcover" targets may be used to obscure other scoring targets from point of view or aim.

Reactive Targets - Other reactive targets may be deployed during a course of fire. Descriptions will be given during the match briefing.

Holsters

Bring what you wear.
